### School Goals

1. Meet the Needs of the **Whole** Student
2. Productive, Safe, Orderly, and Nurturing Environment
3. Clear and Focused Mission-Assist Students to Graduate and Succeed
4. Quality Instructional Leadership and Effective Communication
5. High Expectations for Achievement and Success
6. Consistent Monitoring and Recording of Student Progress
7. Positive Home to School and School to Community Relationships

**Hours of Operation**

Mondays, Tuesdays, and Thursdays, 8:00 a.m. - 7:00 p.m.; Wednesday 8:00 a.m. - Noon; and Friday, 8:00 a.m. - 3:00 p.m. Additionally, direct instructional assistance is available at alternate sites, or may be requested at alternate times and locations. Buckeye Community School will be open during the summer as well, Tuesday - Thursday, 9:00 a.m. - 2:30 p.m.

**Inclement Weather**

Closing and delays will be noted on the school's Facebook page, Twitter account, along with notification to contact numbers provided by the school using One Call. Students will still need to work on their coursework and complete their time logs from home on these days.

**Emergency Parental Notification System**

As a precautionary measure, the School has developed an Emergency Management Plan to assist personnel in responding to various potential, though unlikely, crisis/emergency situations. In the event that a manmade or natural crisis occurs, **please do not call the school directly.** Calling the School may block telephone lines and cause delays in the School's ability to access emergency rescue services. Notifications to parents will be made using whatever means possible. Once students are safe and secure, parents will be contacted by School personnel with procedures to release students.

**Notice Concerning State-Prescribed Testing And Compulsory Attendance Law**

The Buckeye Community School is a community school established under Chapter 3314 of the Ohio Revised Code. The school is a public school and students enrolled in and attending the school are required to take proficiency tests and other examinations prescribed by law. In addition, there may be other requirements for students at the school that are prescribed by law. Students who have been excused from the compulsory attendance law for the purpose of home education as defined by the administrative code shall no longer be excused for that purpose upon their enrollment in a community school. For more information about this matter contact the school administration or the Ohio Department of Education.

### **Attendance/Truancy/Withdrawal**

#### General Policy

Students enrolled in the School must attend School regularly in accordance with the laws of the State.

Attendance, completion of work, and documentation of non-classroom-based learning opportunities shall be required of all students enrolled at the School during the days and hours that the School is in session. Attendance need not always be within the School facilities, but a student will be considered to be in attendance if present at any place where School is in session by authority of the Board or consistent with other documentation requirements established by the School.

#### Excused Absences

Absences due to the following will be excused; however, assignments and time missed due to any absence, whether excused or unexcused, is required upon return.

1. Personal physical illness such as to prevent attendance at School.
2. Personal mental illness such that the student will not benefit from instruction.
3. Illness in the family, if the student is age fourteen or older.
4. Quarantine of the home.
5. Death in the family.
6. Observance of religious holidays.
7. Court subpoena.
8. Necessary work at home due to absence of parents/guardians.
9. Instruction at home from a person qualified to teach the branches of education in which instruction is required.
10. An emergency or set of circumstances which in the judgment of the School constitutes a good and sufficient cause for absence.
11. If a student is absent from School for the sole purpose of traveling out of state to participate in a School-approved enrichment activity or extracurricular activity, the School shall count that absence as an excused absence, up to a maximum of four (4) days per school year. The student must complete any assignments he/she misses due to the absence. If the student will be absent for four (4) or more consecutive school days, classroom instructors must accompany the student during the travel period to provide the student with instructional assistance in order to count the student as in attendance.

When a student will be absent, a parent must notify the School to inform the School that his/her child or children will be absent from School. This phone call should take place within the first hour that School is in session. If a parent fails to call the School, School personnel will attempt to contact the parent to inform him/her of the student's absence. In those cases where telephone communication could not be made, School personnel will initiate a written communication to the home of the legal guardian the day of the student's absence. Shortly following the absence, the student must provide to the School a written statement from a parent of the cause for absence, or the absence will be considered unexcused. The Superintendent or his/her designee reserves the right to verify such statements and to investigate the cause of each individual absence.

#### Withdrawal

A student who fails to participate in seventy two (72) consecutive hours of learning opportunities will be automatically withdrawn, unless the student's absence is excused. Otherwise, a parent may withdraw a student voluntarily by signing a Voluntary Withdrawal form with the Superintendent or his/her designee.

#### Disciplinary Action for Unexcused Tardiness or Absence

Repeated unexcused absences shall be grounds for disciplinary action in accordance with the Student Code of Conduct.

Any student who, due to a medically-documented physical or mental impairment, is absent for an extended period will not be disciplined. Such students may be entitled to receive an education tailored to their individual needs or abilities as provided for under federal and/or state law.

#### Truancy

The Principal or his/her designee may act as the School's attendance specialist or delegate that duty as permitted by law. The School's attendance specialist shall investigate possible School attendance violations, and is authorized under Ohio law, to serve warrants, to enter places where children of compulsory School age are employed, and to take such other actions as may be necessary to enforce the compulsory education laws.

A student is excessively absent from school if a student is absent from the School without legitimate excuse for thirty-eight (38) or more hours in one (1) school month or sixty-five (65) or more hours in one (1) school year. Within seven (7) days of a student becoming excessively absent from School, the attendance specialist shall notify the student's parents of the student's absences in writing.

A student is habitually truant if the student is absent without a legitimate excuse for thirty (30) or more consecutive hours, for forty-two (42) or more hours in one (1) school month, or seventy-two (72) or more hours in one (1) school year.

Legitimate excuses for the absence of a student otherwise habitually truant include but are not limited to:

1. the student was enrolled in another school;

2. the student's absence was excused in accordance with applicable law or policy; or,
3. the student has received an age and schooling certificate.

### **Student Leaving School Grounds**

Once a student signs out and leaves Buckeye Community School, they are done for the day. Students may not come back to BCS that day, unless they have a signed note from a parent/guardian that gives them permission to leave for a medical appointment or another approved circumstance.

### **Academic Integrity Policy**

Notwithstanding any contrary policies or procedures within the Student Code of Conduct, students who do not demonstrate academic integrity in their courses may be subject to the following:

**1<sup>st</sup> Offense:** A new version of the exam covering the same course content must be completed in the presence of a Buckeye Community School staff member. Conversation between Principal, Instructor, and student will occur. In the conversation, it is communicated that, if this behavior persists, the result may be expulsion from our school.

**2<sup>nd</sup> Offense:** Student may be recommended for expulsion to Superintendent from Buckeye Community School for breaking the Academic Integrity Policy.

The Superintendent may proceed directly to expulsion or other disciplinary action at any time at his discretion based on the circumstances involved.

All handwritten student work must be completed in the student's own handwriting, unless other accommodations have been identified in an IEP or 504 plan, or if school administration has given consent.

### **Student Attendance and Credit Eligibility – Credit Flexibility**

For students who elect to earn credit(s) utilizing the credit flexibility option of **demonstrated mastery** on your Statement of Educational Plan, **eligibility for credit** will be based on completion and submission of **all** requirements outlined in the course description given prior to the start of each course.

## **STUDENT EXPECTATIONS**

### **Graduation Requirements for Students Who Enter Ninth Grade for the First Time Before July 1, 2014**

To earn an Ohio high school diploma, students must meet both the course and testing requirements identified by the state of Ohio. Students must earn 20 credits in required courses.

#### **A) Subject Area Credits Required**

English Language Arts - 4 credits

Health - ½ credit

Mathematics - 4 credits<sup>1</sup>

Physical Education - ½ credit

Science - 3 credits<sup>2</sup>

Social Studies - 3 credits<sup>3</sup>

Electives - 6 credits<sup>4</sup>

**Total: 20 credits**

- (1) Mathematics credits must include 1 credit of Algebra II or the “Opt Out Provision” must be signed.
- (2) Science credits must include 1 credit of physical science, 1 credit of life sciences and 1 credit advanced study in one or more of the following sciences: Chemistry, Environmental Science, or Physics. If the “Opt Out Provision” is signed, any science course may be used in replacement of the advanced science credit.
- (3) Social Studies credits must include .5 credit of U.S. History, .5 credit of Social Civics (American Government), and .5 credit of financial literacy. The signed “Opt Out Provision form would remove the .5 credit of financial literacy (Consumer Economics) requirement.
- (4) Elective credits must include at least 1 credit of Foreign Language, Fine Arts, Technology or Business. Students can attain their other 5 elective credits through CBI Co-Op or any available course of their choosing. This may include a CORE subject area as well.

### **B) State Mandated Testing**

Students who entered the ninth grade for the first time before the 2014-2015 school year must take the required Ohio Graduation Tests (OGT). Students may use the new end-of-course exams to meet testing requirements. The required State tests are administered to all students in reading, writing, mathematics, social studies and science.

***Students who fail to successfully complete all required State testing will not receive their diploma until all requirements have been met.***

## **Graduation Requirements for Students Entering Ninth Grade for the First Time After July 1, 2014**

### **A) Subject Area Credits Required**

English Language Arts - 4 credits

Health - ½ credit<sup>1</sup>

Mathematics - 4 credits<sup>2</sup>

Physical Education - ½ credit<sup>3</sup>

Science - 3 credits<sup>4</sup>

Social Studies - 3 credits<sup>5</sup>

Electives 5 credits<sup>6</sup>

Other Requirements:

Economics and financial literacy<sup>7</sup>

Fine Arts

**Total: 20 credits**

- (1) The half Health unit shall include instruction in nutrition and benefits of nutritious foods and physical activity for overall health.
- (2) Mathematics units must include one unit of algebra II or the equivalent of algebra II, or, 1 unit of advanced computer science-after signing and submitting a letter of understanding of the impact of such a course selection on college admissions. Exceptions: a) Algebra II or advanced computer science is not a requirement for students following a career-technical pathway. However, students still must have four units in mathematics, and b) A family may decide that their child is not prepared to meet the graduation requirements for a higher level math course. Or, their child may be planning a career that does not require higher level math. Algebra II may not be a requirement for this student.
- (3) The School may adopt a policy that would exempt students who participate in interscholastic athletics, marching band or cheerleading for two full seasons or an approved Junior Reserve Officer Training Corps (JROTC)

program for two years from the physical education requirement. Students must take another course, which cannot be a physical education course, of at least 60 contact hours.

- (4) Science units must include one unit of physical sciences, one unit of life sciences and one unit of advanced study in one or more of the following sciences: chemistry, physics or other physical science; advanced biology or other life science; astronomy, physical geology or other earth or space science; or computer science. No student shall substitute a computer science course for a life science or biology course.
- (5) Social studies units must include  $\frac{1}{2}$  unit of American history and  $\frac{1}{2}$  unit of American government in three units required for the classes of 2018 and 2019. Students who begin ninth grade for the first time after July 1, 2017 will need  $\frac{1}{2}$  unit in world history and civilizations in their required three units as well as American history and American government.
- (6) Elective credits must include one or any combination of foreign language, fine arts, business, career-technical education, family and consumer sciences, technology and computer science, agricultural education or English language arts, mathematics, science or social studies courses not otherwise required.
- (7) All students must receive instruction in economics and financial literacy during grades 9-12 and must complete at least two semesters of fine arts taken any time in grades 7-12. Fine arts is not a requirement for students following a career-technical pathway. If a student applies more than one computer science course to satisfy curriculum requirements, the courses shall be sequential and progressively more difficult or cover different subject matter within the area of computer science.

## **B) MEET ONE OF THE FOLLOWING:**

### **1. Ohio's State Tests**

Students *earn a cumulative passing score of 18 points using seven end-of-course State tests*. To ensure students are well rounded, they must earn a minimum of four points in math, four points in English and six points across science and social studies. Students may substitute grades from College Credit Plus courses in applicable science and social studies subjects for end-of-course state exams.

#### **End-of-course exams are:**

- English I and English II
- Algebra I and Geometry, or Integrated Math I and II
- Physical Science (class of 2017 only) or Biology
- American History and American Government

### **2. Industry credential and workforce readiness**

Students earn 12 points through a State Board of Education-approved, **industry-recognized credential or group of credentials** in a single career field and achieve a **workforce readiness score** on the **WorkKeys** assessment. The State of Ohio will pay one time for those who take the WorkKeys assessment.

### **3. College admission test**

Students earn "remediation-free" scores in English language arts and mathematics on a nationally recognized college admission exam. The State of Ohio will pay one time for all 11th grade students in the classes of 2018 and beyond to take the exam free of charge.

***\*If a student does not meet any of the above three pathways, Ohio law provides additional options to earn a high school diploma for the classes of 2018, 2019, and 2020 only. Students who fail to successfully complete all required State testing will not receive their diploma until all requirements have been met.***

### **Ohio Curriculum Choice**

A family may feel that its son or daughter is not prepared to achieve the increased credit requirements, succeed in the higher-level courses in mathematics and science and/or is planning a career that does not require these courses. In this case, the parent or guardian may request that the child be excused from the new high school curriculum requirements for graduation. This option is only available upon completion of two years of high school. The Curriculum Choice provision is available only to the graduating classes of 2015 through 2019. The student may continue to take and strive to complete the higher-level courses. If successful in the higher-level courses, he or she will not be subject to any college consequences.

The Curriculum Choice provision removes the following course requirements:

- Advanced Science
- Advanced Math, which shall be replaced with probability and statistics; computer programming; applied mathematics; quantitative reasoning; or any other course approved by the Ohio Department of Education for the classes of 2017 - 2019.
- Financial Literacy .5 credit (Consumer Economics)

### **Graduation Requirements For Students Required to Pass End-of-Course Exams Who Entered Ninth Grade for the First Time on or after July 1, 2019:**

- A) Students must take five end-of-course State Tests (or six if required by the Ohio Department of Education).
- B) Only passage of the end-of-course tests for English language arts II and Algebra I shall be required for graduation. The school shall offer remedial support to any student who fails to attain a competency score on one or both of the Algebra I and English language arts II end-of-course examinations. Following the first administration of the exam, if a student fails to attain a competency score on one or both of the Algebra I and English language arts II end-of-course examinations that student must retake the respective examination at least once.

### **Alternative Way to Meet the Testing Requirements.**

For Students Who Need to Pass the Ohio Graduation Tests (OGT): A student may meet the testing requirements for passing all five Ohio Graduation Tests if he/she meets ALL of the following criteria:

- Passes 4 of the 5 tests and has missed passing the 5<sup>th</sup> test by no more than 10 points;
- Has a 97% attendance rate, excluding any excuses absences, through all four years of high school and must not have had an expulsion in high school;
- Has at least a grade point average of 2.5 out of 4.0 in the courses of the subject area not yet passed;
- Has completed the high school curriculum requirements;
- Has participated in any intervention programs offered by the school and must have had a 97% attendance rate in any programs offered outside the normal school day; and

Has letters recommending graduation from the high school principal and from each high school teacher in the subject area not yet passed.

For Students Required to Pass End-of-Course Exams Who Entered Ninth Grade for the First Time Prior to July 1, 2019: A student shall satisfy at least one of the following conditions in order to qualify for a high school diploma:

- Earn a remediation-free score in English, mathematics, and reading on the ACT or SAT;
- Attain a score that demonstrates workforce readiness and employability WorkKeys assessment;
- Satisfy all diploma conditions required for students entering ninth grade for the first time on or after July 1, 2019.

For Students Required to Pass End-of-Course Exams Who Entered Ninth Grade for the First Time Prior to July 1, 2019: A student shall satisfy at least one of the following conditions in order to qualify for a high school diploma:

- Demonstrate competency in the failed subject area (ELA II or Algebra I) through one of the following options:
  - a. Earn course credit in the failed subject area through the College Credit Plus program;
  - b. Complete two of the following options, one of which must be foundational:
    - i. Foundational options to demonstrate competency:
      - Earn a score of proficient or higher on three or more state technical assessments in a single career pathway;
      - Obtain an industry-recognized credential;
      - Complete a pre-apprenticeship or apprenticeship in the student's chosen career field; or
      - Provide evidence of acceptance into an apprenticeship program after high school that is restricted to participants eighteen years of age or older;
    - ii. Supporting options to demonstrate competency:
      - Complete two hundred fifty hours of a work-based learning experience with evidence of positive evaluations;
      - Obtain an OhioMeansJobs-readiness seal; or
      - Attain a workforce readiness score, as determined by the department of education, on the nationally recognized job skills assessment selected by the state board.
  - c. Provide evidence that the student has enlisted in a branch of the armed services of the United States.

For any students receiving special education and related services, the individualized education program developed for the student under that chapter shall specify the manner in which the student will participate in the assessments administered above.

**Diploma Seal Requirements for Students Entering Ninth Grade for the First Time on or after July 1, 2019.**

Earn at least two of the state diploma seals, at least one (1) of which shall be a State-designed seal:

- a. State-designed Seal:
  - i. Biliteracy seal;
  - ii. OhioMeansJobs-readiness seal;
  - iii. One of the following seals:
    - An industry-recognized credential seal;
    - A college-ready seal;
    - A military enlistment seal;
    - A citizenship seal;
    - A science seal.
    - An honors diploma seal; or
    - A technology seal.
- b. Local-designed Seal:
  - i. A community service seal;
  - ii. A student engagement seal; or
  - iii. Fine and performing arts seal.

**Child Find**

The School supports and complies with all applicable federal and state laws, procedures and policies regarding the School's child find responsibilities. The School will conduct all child find activities for students who are enrolled in the School (its geographical area) so that they are appropriately located, identified and referred for evaluation. Parents or guardians have the right to review their child's records and refuse permission to release information (except as required by, or permitted by, law to be released). Pursuant to Ohio law, the School is required to perform the same child find duties as city, local, exempted village school districts, and will endeavor to adhere to its responsibilities in a manner that does not duplicate the duties of the city, local, or exempted village school districts.

A Child Find Notice shall be published in a newspaper of general circulation in the geographic area covered by the identification activity before any major identification activity.

**Scholarship Programs For Students With Disabilities**

Your child may be eligible for a scholarship under the Autism Scholarship Program or the Jon Peterson Special Needs Scholarship Program to attend a special education program that implements the child's individualized education program and that is operated by an alternative

public provider or by a registered private provider. Information on scholarship programs is available from the Ohio Department of Education (ODE) website at [www.education.ohio.gov](http://www.education.ohio.gov).

### **Ways to Turn In Work**

Students may bring completed assignments and time logs during the school's hours of operation to the Buckeye Community School learning center, or while meeting with their instructor. With prior consent by school personnel, you may also mail your work to the school. Please include your instructor's name on the envelope, and be sure to provide adequate postage, as some exams will require it. We cannot accept faxes or emails. Remember it is very important that we receive work and time logs each week. Exams will not be accepted and graded without accompanied independent log sheets.

### **Exams & Retakes (Classroom-Based or Demonstrated Mastery)**

You are required to turn in exams and time logs each week. A passing grade is 75% or higher, and each exam must be passed to earn credit for the class. If a passing score is not received on the first attempt, a retake exam will be given, so the student can have another chance to master the material. **It is the responsibility of the student** to ask if there are any retakes and to track their progress in each class. The easiest way to accomplish this is to engage in regular communication with your instructor. **Grade cards are available upon request.**

### **Instructional Assistance**

Classroom, direct or tutoring instruction is available in the learning center during school hours and at regularly scheduled times at several alternate sites. If you are unable to meet with an instructor within this timeframe, please contact Buckeye Community School so that arrangements can be made.

### **College Credit Plus Program**

Buckeye Community School recognizes the value to students and to the school for participation in programs offered by accredited colleges and universities. Any student (grades 9-12) may

enroll in the post-secondary enrollment options program. A student participating in the program shall elect one of two tracks:

**Option A** - Elect to receive only college credit, in which case the cost of attending the college courses is borne entirely by the student and his/her parent(s)/guardian(s).

**Option B** - Elect to receive both college and high school credit, in which case the student's attendance will be subsidized by direct payments to the college out of the school's foundation funds. If the school provides its own transportation to students, reimbursement for transportation costs may be available. There are a number of advantages and possible consequences in the program as well as a number of restrictions and requirements. For a complete explanation, have your student contact the Principal.

### **Behavior**

Students coming to Buckeye Community School for assistance are here because they need help. Disruptive behavior **will not** be tolerated, and you will be asked to leave if you are hindering other students' ability to learn. If this is in conflict with your parent/guardian's wishes or that of the court system, your parent/guardian and/or the court will be notified. Buckeye Community School strives to be a place where all students can expect an atmosphere of acceptance and learning.

### **Respect Philosophy**

Buckeye Community School is a unique non-traditional school that will have a unique non-traditional respect policy. Students in our school will be required to behave in the learning center, alternative sites, and school transportation in an appropriate school manner. Profane language, disrespect and insubordination, tobacco and drugs, and cheating will be dealt with fairly and firmly. Each specific student respect incident is different and consequences will be administered on a case-by-case basis consistent with the School's Code of Conduct. Consequences may include, but are not limited to, a conference with the Principal, transportation privilege suspensions, learning center suspensions, or expulsions from Buckeye Community School.

Buckeye Community School will be proactive in their approach and dealings with students. Research clearly shows that *students respond better to positive reinforcement for proper behavior* than they do to negative reinforcement for improper behavior. Our goal will be to create a positive atmosphere where students must discipline themselves in a proper manner. Therefore, staff members will strive to create positive environments where students will be motivated to discipline themselves in keeping school rules and instructor instructions.

#### ***Purpose of the Respect Policy:***

The purpose of the respect policy at Buckeye Community School is to foster self-discipline so that students may attend school in a safe, positive, and orderly environment where no one is impeded from learning.

#### ***Goals of the Respect Policy:***

1. All staff members will target student behaviors that impede a safe and orderly learning environment and seek solutions that will bring about meaningful change in student behavior.
2. All staff members will seek to anticipate discipline problems and take measures to prevent them before they develop.

3. Our program will foster a safe and positive atmosphere where students respect themselves, their peers, and all staff members.
4. Our staff will seek to identify and resolve system-related problems that affect school discipline.

### **Positive Behavioral Interventions and Supports, Seclusion, and Restraint**

This policy governs the use of positive behavioral methods and emergency safety interventions including seclusion and restraint. Any use of emergency safety interventions that does not meet the requirements set forth below is prohibited.

#### **I. Definitions**

Aversive behavioral interventions: an intervention that is intended to induce pain or discomfort to a student for the purpose of eliminating or reducing maladaptive behaviors, including interventions such as: application of noxious, painful and/or intrusive stimuli, including any form of noxious, painful or intrusive spray, inhalants or tastes.

Chemical Restraint: a drug or medication used to control a student's behavior or restrict freedom of movement that is not (A) prescribed by a licensed physician, or other qualified health professional acting under the scope of the professional's authority under State law, for the standard treatment of a student's medical or psychiatric condition; and (B) administered as prescribed by the licensed physician or other qualified health professional acting under the scope of the professional's authority under State law.

De-escalation techniques: are strategically employed verbal and non-verbal interventions used to reduce the intensity of threatening behavior before a crisis situation occurs.

Functional Behavior Assessment (FBA): is a collaborative problem-solving process that is used to describe the function or purpose that is served by a student's behavior. Understanding the function that behavior serves for the student assists directly in designing educational programs and developing behavior plans with a high likelihood of success.

Mechanical Restraint: (A) any method of restricting a student's freedom of movement, physical activity, or normal use of the student's body, using an appliance or device manufactured for this purpose; and (B) does not mean devices used by trained school personnel, or used by a student, for the specific and approved therapeutic or safety purposes for which such devices were designed and, if applicable, prescribed, including: (1) restraints for medical immobilization; (2) adaptive devices or mechanical supports used to allow greater freedom of mobility than would be possible without the use of such devices or mechanical supports; or (3) vehicle safety restraints when used as intended during the transport of a student in a moving vehicle.

Parent: (A) a biological or adoptive parent; (B) a guardian generally authorized to act as the child's parent, or authorized to make decisions for the child (but not the State if the child is a ward of the State); (C) an individual acting in the place of a biological or adoptive parent

(including a grandparent, stepparent, or other relative) with whom the child lives, or an individual who is legally responsible for the child's welfare; (D) a surrogate parent who has been appointed in accordance with O.A.C. 3301-51-05(E); and (E) any person identified in a judicial decree or order as the parent of the child or the person with authority to make educational decisions on behalf of the child.

Physical Escort: the temporary touching or holding of the hand, wrist, arm, shoulder, waist, hip, or back for the purpose of inducing a student to move to a safe location.

Physical Restraint: the use of physical contact that immobilizes or reduces the ability of a student to move his/her arms, legs, body, or head freely. This does not include a physical escort, mechanical restraint, or chemical restraint, or brief, but necessary, physical contact for the following purposes: (A) to break up a fight; (B) to knock a weapon away from student's possession; (C) to calm or comfort; (D) to assist a student in completing a task if the student does not resist the contact; or (E) to prevent an impulsive behavior that threatens the student's immediate safety.

Positive Behavior Interventions and Supports: (A) a school-wide systematic approach to embed evidence-based practices and data driven decision making to improve school climate and culture in order to achieve improved academic and social outcomes and increase learning for all students, and (B) that encompasses a wide range of systemic and individualized positive strategies to reinforce desired behaviors, diminishes recurrences of challenging behaviors, and teaches appropriate behavior to students.

Positive Behavior Support Plan: design, implementation, and evaluation of individual or group instructional and environmental modifications, including programs of behavioral instruction, to produce significant improvements in behavior through skill acquisition and the reduction of problematic behavior.

Prone Restraint: physical or mechanical restraint while the student is in a face down position.

Seclusion: involuntary isolation of a student in a room, enclosure, or space from which the student is prevented from leaving by physical restraint or by a closed door or other physical barrier.

Student: a child or adult aged three to twenty-one enrolled in the school.

Student personnel: instructors, principals, counselors, social workers, school resource officers, instructors' aides, psychologists, bus drivers or other School staff who interact directly with students.

Timeout: a behavioral intervention in which a student, for a limited and specified time, is separated from the class within the classroom or in a non-locked setting for the purpose of

self-regulating and controlling his or her behavior. In a timeout, the student is not physically restrained or prevented from leaving the area by physical barriers.

## **II. Creation of Positive Behavioral Intervention and Supports (PBIS)**

The School shall establish an evidence-based school wide system of positive behavioral interventions and supports that will apply in all settings to all students and staff. The system shall include family involvement.

The School shall train staff to: (A) identify conditions such as where, under what conditions, with whom, and why specific inappropriate behavior may occur; and (B) conduct preventive assessments which include: (1) a review of existing data; (2) interviews with parents, family members, and students; and (3) examination of previous and existing behavioral intervention plans.

Based on the assessment data, the School shall develop and implement preventative behavioral interventions that (A) modify the environmental factors that escalate the inappropriate behavior; (B) support the attainment of appropriate behavior; and (C) use verbal de-escalation to defuse potentially violent dangerous behavior.

## **III. Prohibited Practices**

The following are prohibited under all circumstances, including emergency safety situations:

- A. Prone restraint;
- B. Corporal punishment;
- C. Child endangerment as defined in R.C. 2919.22;
- D. Seclusion or restraint of preschool students (if any);
- E. Deprivation of basic needs;
- F. Restraint that unduly risks serious harm or needless pain to the student, including the intentional, knowing, or reckless use of any of the following:
  - i. Any method that is capable of causing loss of consciousness or harm to the neck or restricting respiration in any way;
  - ii. Pinning down with knees to torso, head and/or neck;
  - iii. Using pressure points, pain compliance and joint manipulation techniques;
  - iv. Dragging or lifting of a student's hair or ear or by any type of mechanical restraint;
  - v. Using students or untrained staff to assist with the hold or restraint;
  - vi. Securing a student to another student or to a fixed object; or
  - vii. Using any other technique used to unnecessarily cause pain.

- G. Any physical restraint that impacts the student's primary mode of communication;
- H. Mechanical or chemical restraints;
- I. Aversive behavioral interventions; or
- J. Seclusion of students in a locked room.

#### **IV. Restraint**

Restraint may be used only in a manner that is age and developmentally appropriate, when there is an immediate risk of physical harm to the student or to others and no other safe and effective intervention is possible, and, when performed by trained staff, except in the case of an unavoidable emergency situation. The physical restraint must not obstruct the student's ability to breathe.

Staff must:

- A. Be appropriately trained to protect the care, welfare, dignity, and safety of the student;
- B. Continually observe the student in restraint for indications of physical or mental distress and seek immediate medical assistance if there is a concern;
- C. Use verbal strategies and research based de-escalation techniques in an effort to help the student regain control;
- D. The least amount of force necessary should be used;
- E. Remove the student from physical restraint immediately when the immediate risk of physical harm to self or others has dissipated;
- F. Conduct a de-briefing including all involved staff to evaluate the trigger for the incident, staff response, and methods to address the student's behavioral needs; and
- G. Complete all required reports and document staff observations of the students.

#### **V. Seclusion**

Seclusion shall only be used if: it is a last resort for the student to regain control; it is age and developmentally appropriate; there is an immediate risk of physical harm to the student or others; and there is no other safe and effective intervention.

The room or area used for seclusion cannot be locked, and must provide for adequate space, lighting, ventilation, clear visibility, and the safety of students.

Seclusion shall not be used as: a substitute for an education program, less restrictive alternatives, inadequate staffing, staff training in positive behavior supports and crisis prevention and intervention; a form of discipline or punishment; a means to coerce, retaliate; or in a manner that endangers the students.

Staff must:

- A. Be appropriately trained to protect the care, welfare, dignity, and safety of the student;
- B. Continually observe the student in seclusion for indications of physical or mental distress and seek immediate medical assistance if there is a concern;
- C. Use verbal strategies and research based de-escalation techniques in an effort to help the student regain control as quickly as possible;
- D. Remove the student when the immediate risk of physical harm to self or others has dissipated;
- E. Conduct a de-briefing including involved staff to evaluate the trigger for the incident, staff response, and methods to address the student's behavioral needs; and
- F. Complete all required reports and document the observation of the student.

## **VI. Functional Behavioral Assessment**

If the student repeatedly engages in dangerous behavior that leads to instances of restraint and/or seclusion, the School shall conduct a functional behavioral assessment (FBA) to identify the student's needs and more effective ways of addressing those needs. If necessary, this FBA should be followed by a behavioral intervention plan (BIP) that incorporates appropriate positive behavioral interventions. The use of an FBA or a BIP does not necessarily mean the student is a special education student in itself, but may be used for non-disabled as well as differently-abled or special education students.

## **VII. Training and Professional Development**

The School shall train all staff working with students annually on the requirements of this policy and shall keep written or electronic documentation of the type of training and the participants. The School shall have a plan on training staff working with students, as necessary, to implement PBIS on a system-wide basis. The School shall ensure that an adequate number of personnel in each building are trained in crisis management and de-escalation techniques and that their training is kept current.

## **VIII. Required Data and Reporting**

Staff must document each use of seclusion or restraint and report it to the building administration and the parent immediately. A written report of the incident must be created, given to the parent within twenty-four (24) hours of the incident, and placed in the student's file. This report is subject to the Family Educational Rights and Privacy Act.

The School shall report information concerning its use of seclusion and restraint annually to, and as requested by, the Ohio Department of Education.

The School shall make this policy available to parents annually, and shall post this policy on its website.

## **IX. Monitoring and Complaint Procedures**

The School shall establish a procedure for parents to submit written complaints regarding an incident of seclusion or restraint. The Principal or his/her designee must investigate every complaint and respond to the parent in writing within thirty (30) days of filing the complaint.

Parent(s) may choose to file a complaint with the Ohio Department of Education, Office of Exceptional Children, in accordance with the complaint procedures available concerning students with disabilities.

### **Student Code of Conduct**

All students are expected to conform to the Student Code of Conduct at School, on the School premises, at School activities or functions whether on or off the School premises (including at scheduled times at locations where staff are present) and on transportation to and from School, if paid for or provided by the School and are subject to the School's disciplinary process when they fail to do so. Students may also be subject to the School's disciplinary process for a violation of the Student Code of Conduct, regardless of where it occurs, if the misconduct is directed at School Staff or their property.

### **Progressive Discipline**

#### First Level Offense

1. Instructor explains or reviews class and School rules and warns the student of possible consequences.
2. Instructor applies appropriate in school consequences.

#### Second Level Offense

1. Instructor applies appropriate consequences, including longer time-outs, or alternate areas for reflection, loss of privileges, detention, etc.
2. School will personally communicate the problem(s) with the student's parent(s).
3. School sends a written report home and a copy to the office.

#### Third Level Offense

If actions taken at Levels 1 – 2 have not corrected the inappropriate behavior, or, if the student engaged in serious act(s) of misconduct, the Principal may suspend the student from School, not to exceed ten School days.

#### Fourth Level Offense

If actions taken at Levels 1 -3 have not corrected the inappropriate behavior, or, if the student engaged in serious act(s) of misconduct, the highest level administrator of the School likened to a Superintendent may expel the student from School, not to exceed 80 days, unless one year is specifically authorized, or, unless the student is permanently excluded under Policy No. 273.

Progressive discipline levels may be skipped for serious acts of misconduct at the discretion of the Principal and/or the highest level administrator of the School likened to a Superintendent.

### **Transportation Discipline**

Bus suspensions (for bus riding privileges only, but not for suspension from School) may be imposed for any period of time as set forth in the School's Code of Conduct. Students are required to be provided notice of an intended suspension (which is not required to be in writing) and an opportunity to appear before the Principal before a suspension is imposed.

If immediate removal of a Student is authorized, the Student must be given notice, as soon as practicable, of the reasons for the removal and of a hearing before the Principal which must be held within seventy-two hours of the removal. Immediate removal is authorized when the Student's presence poses a danger to persons or property or a threat to the safe operation of the school bus. The length of time removed from ridership shall be in accordance with the School's Code of Conduct. If students are being transported by the home district and not by the School, and if the home district requires its own code of conduct to be imposed, the School shall post the bus riding Code of Conduct of the home school districts from which Students are being transported, in a central location in each School building, and make them available to Students or Parents upon request.

Suspensions or immediate removal from bus riding privileges of disabled students shall be accomplished in accordance with the laws governing suspension and expulsion of disabled students.

### **In-School Suspension**

A student may be required to serve an in-school suspension at the discretion of the Superintendent or his/her designee for misconduct or rules violation consistent with the Code of Conduct. In-school suspensions will be served in a learning environment and the student shall be permitted to complete any classroom assignments missed because of the suspension

### **Out of School Suspension**

Out-of-school suspension is removal of a student from school for a period of one (1) to ten (10) days. Beginning November 1, 2018 while students are suspended from school, they shall be afforded the opportunity to complete all of their assignments missed due to the suspension. During suspension, students are not permitted to participate in extracurricular activities, be on any School property, or in any school buses. Appeal procedures are available upon request and are included in the notice of suspension.

The Principal must give written notice of the intention to suspend and the reason for the proposed suspension to the student. The student shall be given the right to appear at an informal hearing before the Principal to challenge the reasons for the intended suspension or otherwise explain.

If the parent/guardian wishes to appeal the suspension, the request must be submitted, in writing, to the Principal within fourteen (14) school days of the written notice of suspension. The Principal shall immediately forward this written appeal to the Board of Directors appeal hearing designee.

### **Expulsion**

Expulsion is removal of a student from school for a period of eleven (11) to eighty (80) school days and in some instances, one (1) year. Students expelled from the School are not permitted to participate in extracurricular activities, be on any School property, or in any School buses. Expulsions may extend into the following school year.

The Superintendent shall provide the student and the parent written notice of the intent to expel. The student and the parent shall have an opportunity to appear on request before the Superintendent to challenge the expulsion or to otherwise explain the actions that led to the intended expulsion. The Superintendent is required to follow through on expellable offenses even if the student in question withdraws from the School prior to the hearing or the Superintendent's decision. A parent has the right to appeal the expulsion, which must be submitted in writing to the Superintendent within fourteen (14) school days of the written notice of expulsion. The Superintendent shall immediately forward this written appeal to the Board of Directors Appeal hearing designee.

An expelled student will be provided with a date for re-entry.

### **WEAPONS – EXPULSION**

A student shall be expelled for one (1) year for bringing a firearm to the School or onto school property (any property owned, used or leased by the School, school extra-curricular or school related events). A student may be expelled for a period not to exceed one year for: 1) bringing a firearm to an inner-scholastic competition, an extra-curricular competition, and extra-curricular event, or any other school program or activity that is located at a school or on school property; 2) bringing a knife capable of causing serious bodily injury to the school, onto school property, or to an inner-scholastic competition, an extra-curricular event or any other program or activity sponsored by the school or which the school is a participant; 3) possessing a firearm or knife capable of causing serious bodily injury at School, on School Property, or at an interscholastic competition, an extracurricular event, or any other School program or activity which firearm or knife was initially brought onto School Property by another person; 4) committing an act that is a criminal offense when committed by an adult that results in serious physical harm to persons or serious physical harm to property; or 5) making a bomb threat to a School building or to any premises at which a School activity is occurring at the time of the threat.

A firearm is defined as any weapon, including a starter gun, which will or is designed to or may readily be converted to expel a projectile by the action of an explosive, the frame or receiver of any such weapon, any firearm muffler or silencer, or any destructive device. A destructive device, includes but is not limited to, any explosive, incendiary, or poison gas, bomb, grenade, rocket having a propellant charge of more than four (4) ounces, missile having an explosive or incendiary charge of more than one quarter ounce, mine, or other similar device.

Knife is defined as a cutting instrument consisting of a sharp blade or edge capable of causing serious bodily injury, not to include scissors, wire cutters, or other similar tools determined by the Principal to be necessary in the school setting at a particular building or grade level, if used only for the necessary purpose.

Parents must emphasize to the student(s) the seriousness of making a bomb threat or possessing a firearm or knife, or on school grounds, other property or to an activity under its jurisdiction.

### **Discipline/Suspension/ Expulsion of Disabled Students**

In matters relating to the disciplining of disabled students, the Board shall abide by Federal and State laws regarding suspension and expulsion.

### **Electronic Surveillance**

Buckeye Community School uses electronic surveillance systems to monitor activity on school property and in school vehicles in an effort to protect the health, welfare, and safety of its students and staff, in order to maintain order and discipline on school property. Surveillance cameras may be used both inside and outside the building to assist in the security of students, staff and property. Cameras are not positioned in areas where individuals have a reasonable expectation of privacy.

Electronic surveillance recording may be used as evidence in any disciplinary proceedings, administrative proceedings, or criminal proceedings, and may become part of a student's education record, subject to Board rules, regulations and policies, and applicable law.

### **Vehicle Search Policy**

Motor vehicles driven by students to school and parked on school or sponsor property are subject to random search by dogs trained to detect the presence of drugs. The searches may be conducted without regard to whether there is a reasonable suspicion that any motor vehicle or its contents contains evidence of a violation of a criminal statute or a school rule. Further, a school administrator may search a motor vehicle on the basis of a reasonable suspicion.

### **School Property**

There is **no loitering** on school property. Students are not to be on school grounds or any alternate site after hours, unless prior arrangements have been made through Buckeye Community School. Alcohol, tobacco, illegal substances, weapons, and firearms are prohibited on all properties.

### **Anti-Hazing Policy**

The School prohibits all acts of hazing. Hazing, like other violent and disruptive behaviors, is conduct that disrupts both a student's ability to learn and the School's ability to educate its students in a safe and civil environment.

Hazing or hazing activity means doing any act or coercing another, including the victim, to do any act of initiation into any student or other organization that causes or creates a substantial risk of causing mental or physical harm to any person. For purposes of this Anti-Hazing policy, mental harm means mental stress, anxiety, physical injury, sickness, injury to feelings,

humiliation, mental anguish, and/or depression, connected to and arising from the hazing activity. Permission, consent or assumption of risk by an individual subjected to hazing does not lessen the prohibition contained in this policy.

Hazing activities of any type are inconsistent with the educational process and are prohibited at all times, regardless of whether the activity occurs on or off of property owned, used or controlled by the School, so long as the hazing activity is in any way connected to the activities or incidents that have occurred on property owned, used or controlled by the school. This policy will be actively enforced at all times.

Hazing is a violation of School policy separate and distinct from harassment or other prohibited conduct. No student, including leaders of student organizations, may plan, encourage or engage in any hazing activity. Students having engaged in hazing activity and who fail to abide by this policy are subject to disciplinary action including suspension, expulsion, removal or permanent exclusion as set forth elsewhere in this policy manual, and may be liable for civil and criminal penalties pursuant to State law.

Staff members are to be particularly alert to possible conditions, circumstances or events, which might include hazing. If hazing or planned hazing is discovered, involved students are informed by the discovering Staff member of the prohibition contained in this policy and are required to end all hazing activities immediately. All hazing incidents are reported immediately to the Superintendent or his/her designee.

No Staff shall encourage, permit, condone or tolerate any hazing activities, and Staff who fail to abide by this policy may be subject to disciplinary action and may be liable for civil and criminal penalties pursuant to State law.

### **Other Infractions**

Any verbal or physical actions that may be deemed inappropriate by Buckeye Community School administration, are subject to disciplinary action.

### **Athletics**

Buckeye Community School students may be eligible to play sports in their home district. If there is a desire to do this, the student must notify your assigned instructor as soon as possible so that curriculum arrangements can be made to be eligible to play. Participation in athletics is at the discretion of the home district and the Ohio High School Athletic Association requirements, not Buckeye Community School.

### **Title I — Parent and Family Engagement**

In accordance with the requirements of Federal law, programs supported by Title I funds must be planned and implemented in meaningful consultation with Parents and family members (family) of the students being served. Accordingly, the School establishes this parent and family engagement policy, which will be reviewed and approved annually by the Board and distributed to families of children receiving Title I services. The School will address and strive to achieve the following:

- A. involve family in the development of the School's Title I plans and in the development of support and improvement plans, if necessary;
- B. provide coordination, technical assistance, and other support necessary to plan and implement effective family involvement activities;
- C. coordinate and integrate family engagement strategies, to the extent feasible and appropriate, with other federal, state, and local laws and programs;
- D. in consultation with family, annually evaluate the content and effectiveness of the parent and family engagement policy in improving the academic quality of schools, including:
  - 1. identifying barriers to greater family participation;
  - 2. identifying the needs of family to assist with the learning of their children;
  - 3. identifying strategies to support successful school and family interactions; and
  - 4. designing evidence-based strategies for more effective family involvement based on the findings of the annual evaluation, and revising the parent and family engagement policy, if necessary;
- E. provide opportunities for the informed participation of family who are English language learners, family with disabilities, and family of migratory children, including providing information and school reports in a format, and to the extent practicable, in a language such family can understand;
- F. conduct meetings with family including provisions for flexible scheduling and assistance to family to better assure their attendance at meetings;
- G. develop agendas for family meetings to include review and explanation of the curriculum, means of assessments, and the proficiency levels students are expected to achieve and maintain;
- H. communicate information concerning school performance profiles and their child's individual performance to family;
- I. assist family in helping their children in achieving the objectives of the program by such means as ensuring regular attendance, monitoring television-watching, providing adequate time and the proper environment for homework; guiding nutritional and health practices, and the like;
- J. provide timely responses to family questions, concerns, and recommendations;
- K. conduct other activities as appropriate to the Title I plan and state and federal requirements.
- L. convene an annual meeting at a convenient time to which all families of participating children are invited and encouraged to attend to explain the parents' rights to be involved and the school's obligations to develop a parent and family engagement plan. The School-Family Compact will be given to parents prior to school opening. It describes how the staff, family, and students will share the responsibility for improving student achievement;
- M. provide materials and training to help family work with students to improve achievement;

- N. educate instructors, specialized instructional support personnel, school leaders, and other staff, with the assistance of family, about the value and utility of contributions of family, how to reach out to, communicate with, and work with family as equal partners, how to implement and coordinate family programs, and how to build ties between families and the school;
- O. consider training family to enhance the involvement of other families;
- P. consider establishing a family advisory council to provide advice on all matters related to family engagement programs; and
- Q. develop appropriate roles for community-based organizations and businesses in family engagement involvement activities.

The School shall reserve at least one percent of its Title I funds to carry out the activities described in this section, unless one percent constitutes less than \$5,000.00, in which case the School is not required to reserve a specific amount.

## **Parent's Right-to-Know Letter**

Dear Parent/Guardian,

Under federal law, Buckeye Community School must notify parents of their right to request certain information about their child's education. We are happy to provide this information to you, and we will do so in a timely manner.

At any time, you may request information about state or school policies or procedures regarding student participation in any required assessment. This information will include the right to opt out of the assessment, if such a right applies.

In addition, you may ask:

- Whether the instructor met State qualification requirements for the grade level and subject in which he/she teach,
- Whether the instructor is teaching under an emergency or provisional certificate through which the State requirements were waived, and
- Whether the instructor is teaching in the field of discipline of his/her certification.

You may also ask whether your child receives help from a paraprofessional. If your child receives this assistance, we can provide you with information about the paraprofessional's qualifications.

Our staff is committed to helping your child develop the academic knowledge and critical thinking he/she needs to succeed in school and beyond. That commitment includes making sure that all of our instructors and paraprofessionals are qualified.

If you have any questions about your child's assignment to an instructor or paraprofessional or about required assessments, please contact the School at any time.

Sincerely,

A handwritten signature in black ink that reads "Steve Vanderhoff". The signature is written in a cursive style with a large initial "S" and a long, sweeping underline.

Steve Vanderhoff  
Principal

### **General Notice of Non-Discrimination**

The School does not discriminate on the basis of race, color, national origin, sex, disability, or age in its programs and activities and provides equal access to the Boy Scouts and other designated youth groups. The following person has been designated to handle inquiries regarding nondiscrimination policies:

Principal, Buckeye Community School

The School intends to comply with Title IX of the Education Amendments Act of 1972, which states, in part: "No persons in the United States shall on the basis of sex be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving financial assistance...."

The Principal or his/her designee shall be the Compliance Officer/Title IX Coordinator and is responsible for investigating any complaint alleging noncompliance with Title IX. A specific procedure for grievances related to Title IX issues is set forth as the "Title IX Grievance Procedure."

The Principal or his/her designee shall be the Section 504 Compliance Officer. A complaint regarding a violation of law and this policy in an employment decision shall be subject to a grievance procedure (Policy 228) that provides for the prompt and equitable resolution of disputes.

### **Anti-Harassment, Intimidation and Bullying Policy**

The School prohibits acts of harassment, intimidation, or bullying (including cyber-bullying) of any student on school property or at school-sponsored events (any event conducted on or off School property, including School buses and other School related vehicles, that is sponsored, recognized or authorized by the Board). A safe and civil environment in the School is necessary for students to learn and achieve high academic standards. Harassment, intimidation and bullying, like other disruptive or violent behaviors, are conduct that disrupts both a student's ability to learn and the School's ability to educate its students in a safe environment. Since students learn by example, school administrators, faculty, staff and volunteers should be commended for demonstrating appropriate behavior, treating others with civility and respect, and refusing to tolerate bullying.

"Harassment, intimidation, or bullying" means either of the following: 1) any intentional, written, verbal, electronic, graphic, or physical act that a student or group of students has exhibited toward another particular student more than once and the behavior both causes mental or physical harm to the other student; and is sufficiently severe, persistent or pervasive that it creates an intimidating, threatening or abusive educational environment for the other student; or 2) violence within a dating relationship. The definition of "harassment, intimidation or bullying" also includes the above described acts which are electronically generated, stored or transmitted, sometimes called "cyberbullying".

The School reserves the right to discipline students' off campus behavior which substantially disrupts the School's educational process or mission, or threatens the safety or well-being of a Student or Staff member. Factors which may be considered in determining whether the behavior warrants discipline include, but are not limited to, the following: (1) whether the behavior created material and substantial disruption to the educational process or the School's mission due to the stress on the individual(s) victimized or the time invested by Staff in dealing with the behavior or its consequences; (2) whether a nexus to on-campus activities exists; (3) whether the behavior creates a substantial interference with a Student's or Staff member's security or right to educate and receive education; (4) whether the behavior invades the privacy of others; or (5) whether any threat is deemed to be a true threat by the administration or Board, using factors and guidelines set out by the courts or by common sense, reasonable person standards.

Some acts of harassment, intimidation, bullying and cyberbullying may be isolated incidents requiring that the school respond appropriately to the individuals committing the acts. Other acts may be so serious or part of a larger pattern of harassment, intimidation, bullying or cyberbullying that they require a response either in the classroom, School building, or by law enforcement officials. Consequences and appropriate remedial actions for students who commit an act of harassment, intimidation, bullying or cyberbullying range from positive behavioral interventions up to and including suspension or expulsion. Due process procedures for suspension and expulsion will be followed, as provided for under R.C. 3313.66. The disciplinary procedures and code of conduct of the School shall be followed and shall not infringe on any student's First Amendment rights under the United States Constitution.

All school personnel, volunteers and students are required to report prohibited incidents of which they are aware to the Superintendent or his/her designee. All other persons may report prohibited incidents of which they are aware to the Superintendent or his/her designee. Anonymous communications, if necessary, may be made by telephone, electronic mail, or in writing. The Superintendent or his/her designee is then responsible for determining whether an alleged incident constitutes a violation of this policy. In so doing, the Superintendent or his/her designee shall conduct a prompt and thorough investigation of the reported incident, and prepare a report documenting the prohibited incident that is reported (See attached Form for Reporting Incidents of Harassment Intimidation and Bullying at **Appendix 264.1-A**). Once an investigation is completed, if the reported incident has been substantiated, the Parent of any Student involved in the prohibited incident shall be notified. To the extent permitted by R.C. § 3319.321 and the Family Educational Rights and Privacy Act of 1974 (20 U.S.C. 1232g), Parents have access to any written reports pertaining to the prohibited incident, and, if the School has a website, the School shall post this summary of reported incidents on the School website. Semiannually, the Superintendent will provide the Board President with a written summary of all reported incidents. All School personnel, volunteers and Students shall be individually immune from liability in a civil action for damages arising from reporting an incident in accordance with this policy.

The School prohibits reprisal or retaliation against any victim or person who reports an act of harassment, intimidation or bullying. The consequence and appropriate remedial action for a person who engages in reprisal or retaliation shall be determined by the Superintendent or his/her designee after consideration of the nature and circumstances of the act, in accordance with School policies and procedures. However, Students who deliberately make false reports of

harassment, intimidation, or bullying will be disciplined up to and including suspension or expulsion.

The School shall implement the following strategy for protecting victims: supervise and discipline offending students fairly and consistently; provide adult supervision during recess, lunch time, bathroom breaks and in the hallways during times of transition; maintain contact with parents and guardians of all involved parties; provide counseling for the victim if assessed that it is needed; inform School personnel of the incident and instruct them to monitor the victim and the offending party for the indications of harassing, intimidating and bullying behavior. Personnel are to intervene when prohibited behaviors are witnessed; check with the victim daily to insure that there has been no incidents of harassment/intimidation/bullying or retaliation from the offender or other parties.

Harassment, intimidation and bullying behavior can take many forms and can vary dramatically in seriousness and impact on the targeted individual and other students. Accordingly, there is no one prescribed response to verified acts of harassment, intimidation and bullying. While conduct that rises to the level of "harassment, intimidation or bullying" will warrant disciplinary action whether and to what extent to impose disciplinary action (*i.e.*, detention, in- and out-of-school suspension, or expulsion) is a matter left in the professional discretion of the Principal. The following procedure sets forth possible interventions for the Principal to enforce the prohibition against harassment, intimidation or bullying. Anonymous complaints that are not otherwise verified, however, shall not be the basis for disciplinary action.

1. Non-disciplinary Interventions

When verified acts of harassment, intimidation or bullying are identified early and/or when such verified acts do not reasonably require a disciplinary response, students may be counseled as to the definition of harassment, intimidation or bullying, its prohibition and their duty to avoid any conduct that could be considered harassing, intimidating or bullying. If a complaint arises out of conflict between students or groups of students, peer mediation may be considered. Special care, however, is warranted in referring such cases to peer mediation. A power imbalance may make the process intimidating for the victim and therefore inappropriate. The victim's communication and assertiveness skills may be low and could be further eroded by fear resulting from past intimidation and fear of future intimidation. In such cases, the victim should be given additional support. Peer mediation may be deemed inappropriate to address the concern at the discretion of the School administration.

2. Disciplinary Interventions

When acts of harassment, intimidation and bullying are verified and a disciplinary response is warranted, students are subject to the full range of disciplinary consequences. In and out-of-school suspension may be imposed only after informing the accused perpetrator of the reasons for the proposed suspension and giving him/her an opportunity to explain the situation. Expulsion may be imposed only after a hearing before the Board of Directors, a committee of the board or an impartial hearing officer designated by the Board of Directors in accordance with Board policy. This consequence shall be reserved for serious incidents of harassment, intimidation or bullying and/or situations where past interventions have not been successful in eliminating prohibited behaviors.

Nothing in this policy prohibits a victim from seeking redress under any provision of Ohio law that may apply.

To the extent state or federal funds are appropriate, the School shall require that all students enrolled in the School be provided with age-appropriate instruction of this policy annually. The School may form a prevention task force and/ or programs to educate students about this policy, such as holding an assembly on harassment, intimidation and bullying for Parents and Students, to raise the level of awareness and help prevent the prohibited conduct.

The School shall incorporate training on this policy into the in-service training required under R.C. 3319.073. The School may provide training, workshops, or courses to other Staff and volunteers who have direct contact with students.

## Student Records and Release of Information

### Parents and Eligible Students

For the purposes of this section, “eligible students” shall include any student who is at least eighteen (18) years of age or an emancipated minor. Parents and eligible students shall receive annual notice of their rights under this section.

Parents and eligible students have the right to inspect and review the student’s education records within forty-five (45) days of the receipt of a request for access to such records. Such requests must be in writing and the school shall make arrangements for access to such records and shall notify the parent or eligible student of the time and place where such records may be inspected.

Parents and eligible students have the right to request in writing an amendment of a record that they believe is inaccurate. In the event the school determines that the requested amendment will not be made, the parent or eligible student shall be informed of the reasons for such decision in writing and the school shall advise the parent or eligible student of their right to a hearing regarding the request for amendment.

### Release of Directory Information

The School may disclose directory information if it has given public notice to parents or students of the types of personally identifiable information that the School has designated as directory information. The School shall provide annual notice to parents and eligible students regarding their rights under FERPA and also whether the school will make available, upon request, “directory information”. Directory information may (but does not have to) include a student’s name, address, telephone listing, date and place of birth, photograph, major field of study, participation in officially recognized activities and sports, dates of attendance, date of graduation, awards received, honor rolls, and scholarships. In its notice, the School shall clearly specify which of the above information it designates as directory information. Such information shall not be provided to any organization for profit-making purposes.

However, at this time, the School has chosen **not to identify or define any directory information**, so it will not issue any personally identifiable information and will not be able to provide directory information in response to records requests or inquiries made by third parties.

Within ten (10) days of receiving notice of the intent to disclose directory information, a parent or eligible student may object to the release of such information without prior written consent, upon notification of which the school shall not release directory information without first obtaining such consent.

Exceptions to the released personally identifiable information are allowed in the following circumstances:

1. to school officials who have a legitimate educational interest.

A “School Official” is a person employed by the School in an administrative, supervisory, academic or support staff position; a member of the school law enforcement unit, which consists

of any members of the sheriff's office; a person with whom the School has contracted to perform a special task (i.e. Attorney, auditor, outside consultant); a person serving on the Board.

A School Official has a "legitimate educational interest" in an education record when the official needs to review the record in order to fulfill his or her responsibility on behalf of the School, such as when the official is performing a task that is specified in his or her job description or by a contract agreement or other official appointment; performing a task related to a student's education; performing a task related to the discipline of a student; or providing a service or benefit relating to the student or student's family, such as health care, counseling, assisting with the college application procedure; any other purpose that the Board deems necessary as related to a student's education.

2. to officials of other schools or school systems in which the student seeks or intends to enroll, upon the condition that the student's parents be notified of the transfer, receive a copy if desired and have an opportunity for a hearing to challenge the content of the record.

3. to appropriate parties in connection with an emergency if such knowledge is necessary to protect the health and safety of the student or other individuals. This exception is limited to the period of the emergency and generally does not allow for a blanket release of personally identifiable information from a student's education record.

4. when images of students captured on security video tapes are maintained by the school's law enforcement unit;

5. when information is obtained through a school official's personal knowledge or observation and not from the student's education record. For example, if an instructor overhears a student making threatening remarks to other students, that information is not protected and the instructor may disclose what he or she overheard to appropriate authorities.

The School shall provide the Ohio Department of Education ("ODE") with personally identifiable student information under the following circumstances:

1. A testing scoring company has notified ODE that the student's written response to a question on a state achievement test included threats or descriptions of harm to the student or another person and ODE needs the information to identify the student for the purpose of alerting the School of the potential for harm;

2. The School asks ODE to verify the accuracy of the student's score on an achievement test; or

3. The student has passed all but one of the Ohio Graduation Tests (OGT) and ODE must determine whether the student satisfies the alternative requirements for a high school diploma.

If agreed to in and required by its Charter Contract with its Sponsor, the School may provide its Sponsor, as an authorized representative of the Ohio Department of Education, with access to student or other records if necessary and in connection with the audit and evaluation of federally supported education programs, or in connection with the enforcement of the federal legal requirements which relate to such programs. When collection of personally identifiable information is specifically authorized by federal law, no such data shall be disclosed to anyone

other than authorized representatives of the Ohio Department of Education, or as otherwise allowed by law. The Sponsor must, by law, destroy such personally identifiable information when no longer needed for the audit, evaluation, and enforcement of the federal legal requirements.

#### Student Records Log

School officials maintaining records shall keep a log identifying all individuals (whether from the school or not), agencies or organizations, who request or obtain access to non-directory information within a student's education record. The log shall contain the reason why access was requested and shall be kept by the person responsible for maintaining the records. All student records must be reviewed on the School premises.

#### Health and Safety Emergency Exception

The School may, taking into account the totality of the circumstances, disclose personally identifiable information from an education record to appropriate parties in connection with an emergency, if knowledge of the information is necessary to protect the health or safety of a student or others. The School must determine and record the articulable and significant threat, and it then may disclose information from education records to any person whose knowledge is necessary to protect these individuals.

| <p>Notice of Rights Under the Family Educational Rights and Privacy Act ("FERPA") and<br/>Authorization to Release Student Directory Information</p> |
|--|

FERPA affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. These rights are:

1. The right to inspect and review the student's education records within 45 days of the day the School receives a request for access. Parents or eligible students should submit to the School Principal [or appropriate school official] a written request that identifies the record(s) they wish to inspect. The School official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate or misleading. Parents or eligible students may ask the School to amend a record that they believe is inaccurate or misleading. They should write to the School Principal [or appropriate official], clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the School decides not to amend the record as requested by the parent or eligible student, the School will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the School in an administrative, supervisory, academic or support staff position; a member of the school law enforcement unit, which consists of the School Leader; a person with whom the School has contracted to perform a special task (i.e. Attorney, auditor, outside consultant); a person serving on the Board. A School official has a "legitimate educational interest" in an education record when the official needs to review the record in order to fulfill his or her responsibility on behalf of the School, such as when the official is performing a task that is specified in his or her job description or by a contract agreement or other official appointment; performing a task related to a student's education; performing a task related to the discipline of a student; or providing a service or benefit relating to the student or student's family, such as health care, counseling, assisting with the college application procedure; any other purpose that the Board deems necessary as related to a student's education. Upon request, the School discloses education records without consent to officials of another school or school district in which a student seeks or intends to enroll.
4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the School to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

**Family Policy Compliance Office  
U.S. Department of Education  
400 Maryland Avenue, SW  
Washington, DC 20202-5901**

5. The school intends to forward any and all education records to another school or post-secondary institution at which the students seeks or intends to enroll, upon the condition that the student's parents be notified of the transfer, receive a copy if so desired, and have an opportunity for a hearing to challenge the content of the record.

The Family Educational Rights and Privacy Act of 1974 (FERPA) protects the privacy of students' education records. Under FERPA, most information about our students cannot be made public without the consent of parents/guardians. However, if the School designates information as directory information, FERPA allows the release of student directory information unless the student's parent(s)/guardian(s) inform the School in writing not to release such information.

No directory information will be released (see above) and no parental opt out is required.

## Notice to Parents Regarding the Protection of Pupil Rights Amendment

Dear Parent:

The Protection of Pupil Rights Amendment (PPRA) (20 U.S.C. §1232h) affords parents and students who are 18 or emancipated minors ("eligible students") certain rights regarding our conduct of surveys, collection and use of information for marketing purposes, and certain physical exams. These include the right to:

- *Consent* before students are required to submit to a survey that concerns one or more of the following protected areas ("protected information survey") if the survey is part of any program funded in whole or in part by a program of the U.S. Department of Education (ED):
  1. Political affiliations or beliefs of the student or student's parent;
  2. Mental or psychological problems of the student or student's family;
  3. Sex behavior or attitudes;
  4. Illegal, anti-social, self-incriminating, or demeaning behavior;
  5. Critical approvals of others with whom respondents have close family relationships;
  6. Legally recognized privileged relationships, such as with lawyers, doctors, or ministers;
  7. Religious practices, affiliations, or beliefs of the student or parents; or
  8. Income, other than as required by law to determine program eligibility.
- *Receive* notice and an opportunity to opt a student out of -
  1. Any other protected information survey, regardless of funding;
  2. Any nonemergency, invasive physical exam or screening required as a condition of attendance, administered by the school or its agent, and not necessary to protect the immediate health and safety of a student, except for hearing, vision, or scoliosis screening, or any physical exam or screening permitted or required under State law; and
  3. Activities involving collection, disclosure, or use of personal information obtained from students for marketing or to sell or otherwise distribute the information to others.

- *Inspect*, upon request and before administration or use –
  1. Protected information surveys of students;
  2. Instruments used to collect personal information from students for any of the above marketing sales, or other distribution purposes; and
  3. Instructional material used as part of the educational curriculum.

The School has developed policies, in consultation with parents, regarding these rights, as well as arrangements to protect student privacy in the administration of protected surveys and the collection, disclosure, or use of personal information for marketing, sales, or other distribution purposes. The School will directly notify parents and eligible students of these policies at least annually at the start of each school year and after any substantive changes. The School will also directly notify parents and eligible students, such as through U.S. Mail or email, at least annually at the start of each school year of the specific or approximate dates of the following activities and provide an opportunity to opt a student out of participating in:

- Collection, disclosure, or use of personal information for marketing, sales or other distribution.
- Administration of any protected information survey.
- Any nonemergency, invasive physical examination or screening as described above.

*Parents/eligible students who believe their rights have been violated may file a complaint with:*

Family Policy Compliance Office  
U.S. Department of Education  
400 Maryland Avenue, SW  
Washington, D.C. 20202-4605

**Media Release Consent Form**

The School's students will be participating in many activities and will be getting attention from sources interested in public community schools and our progress. Please sign this Media Release authorizing this School to publish your child's photo and/or name for the limited uses for public relations and media purposes. The School will not release photos resulting from disciplinary actions.

I hereby consent to the above.

### **Technology Acceptable Use**

The Buckeye Community School is pleased to make available to each student access to interconnected computer systems, computer equipment, computer programs, the Internet, and other new technologies within the school (collectively, the "Network").

Access to the School's network is provided as a privilege and as an educational tool. In order to continue enjoying access to the Network, each student must take responsibility for appropriate and lawful use of this privilege. Students are responsible for their behavior on the Network just as they are in a classroom. While the school may make reasonable efforts to supervise student use of Network access, the ultimate responsibility for exercising and promoting responsible use of this access is that of the student, under the guidance of their parents.

Each student is responsible for reading and abiding by the School's Technology and Internet Acceptable Use Policy. If you (parent or student) have any questions about the provisions of this policy, you should contact the building Principal or the Principal's designee. Any use of your account that violates these policies may result in your access being withdrawn and/or additional disciplinary action. Violations of these policies are considered violations of the Student Code of Conduct and may result in disciplinary action up to and including suspension, expulsion, and/or referral to law enforcement if appropriate. The school reserves the right to seek reimbursement of expenses and/or damages arising from student violations of these policies.

### **Technology and Internet Acceptable Use**

*The use of technology and computer resources at the School is a revocable privilege. Failure to abide by this policy may render you ineligible to use the School's computer facilities and may bring additional disciplinary action.*

All users are expected to use the technology available at the School in a manner appropriate to the School's academic and moral goals. Technology includes, but is not limited to, cellular telephones, beepers, pagers, radios, CD/MP3/DVD players, video recorders, video games, personal data devices, computers, other hardware, electronic devices, software, Internet, email, and all other similar networks and devices. Users are expected to be responsible and use Technology to which they have access appropriately. Obscene, pornographic, threatening, or other inappropriate use of Technology, including, but not limited to, email, instant messaging, web pages, and the use of hardware and/or software which disrupts or interferes with the safety and welfare of the School community is prohibited, even if such uses take place after or off School property (i.e., home, business, private property, etc.).

*Failure to adhere to this policy and the guidelines below will result in disciplinary action as outlined in the Student Code of Conduct.*

Unacceptable uses of Technology/Internet include but are not limited to:

1. Violating the conditions of federal and Ohio law dealing with students' and employees' rights to privacy; trespassing in others' folders, work, or files; copying other people's work or attempting to intrude on to other people's files; or using other users' email addresses and passwords.

2. Using profanity, obscenity, or other language which may be offensive to another user; sending messages with derogatory or inflammatory remarks about an individual's race, sex, age, disability, religion, national origin, or physical attributes via the Internet or Technology; bullying, insulting, intimidating, or attacking others; or transmitting any material in violation of federal or state law.
3. Accessing profanity, obscenity, abusive, pornographic, and/ or impolite language or materials; accessing materials in violation of the Student Code of Conduct; or viewing, sending, or accessing materials that you would not want instructors and parents to see. Should a student encounter any inappropriate materials by accident, he/she should report it to his or her instructors immediately.
4. Violating copyright laws by illegally downloading or installing music, any commercial software, shareware, or freeware. You are required to strictly comply with all licensing agreements relating to any software. All copyright laws must be respected.
5. Plagiarizing works through the Internet or other Technology. Plagiarism is taking ideas of others and presenting them as if they were original to the user.
6. Damaging Technology devices, computers, computer systems, or computer networks (for example, by the creation, introduction, or spreading of computer viruses, physically abusing hardware, altering source codes or software settings, etc.).
7. Using the Technology or the Internet for commercial purposes or activities, which are defined as offering or providing goods or services or purchasing goods or services for personal use, and include, but are not limited to, the following:
  - a. any activity that requires an exchange of money and/or credit card numbers;
  - b. any activity that requires entry into an area of service for which the School will be charged a fee;
  - c. any purchase or sale of any kind; or
  - d. any use for product advertisement or political lobbying.
8. Neither the Internet nor any other Technology may be used for any purpose which is illegal or against the School's policies or contrary to the School's mission or best interests.

All users are expected to be responsible, courteous and thoughtful when using Technology and the Internet. Common sense should prevail. The use of the School computer network system should be in support of education and research, consistent with the educational mission or objectives of the School and in accordance with federal law, Ohio law, and the Student Code of Conduct

Students and Staff have no expectation of privacy with respect to the use of Technology, the Internet, intranet, or email. The School monitors the online activities of students. Maintenance and monitoring of the School network system may lead to the discovery that a user has or is

violating School policy or the law. Violations of School policy, the Student Code of Conduct, or the law may result in severe penalties, up to and including expulsion.

The School makes no warranties of any kind, either express or implied, that the functions or the services provided by or through the School technology system will be error-free or without defect. The School will not be responsible for any damage users may suffer, including but not limited to, loss of data, interruptions of service, or computer viruses. The School is not responsible for the accuracy or quality of the information obtained through or stored on the School system. The School will not be responsible for financial obligations arising through the authorized use of the system.

In accordance with the Children’s Internet Protection Act (“CIPA”), the School has placed a filter on its Internet access as one step to help protect its users from intentionally or unintentionally viewing inappropriate material. The School blocks the categories that are determined to be potentially inappropriate. However, families must be aware that some material accessible via the Internet contains illegal, defamatory, inaccurate, or potentially offensive language and/or images. While the goal of the School is to use Internet resources to achieve educational goals, there is always a risk of students accessing other materials. Parents should be aware of these risks.

The School will educate students about appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms. The School will also educate students on cyberbullying awareness and response.

My signature attests that I have read the above Internet Acceptable Use Policy and I agree to abide by it.
